9.00 - 10.00H - Organizational aspects important to local AS policies		09.00 - 10.00H - Team work and Leadership in ASU			
<i>Moderators : Beverly Philip; Cláudia Borges</i>		<i>Moderators : Marie-Louise Ulsøe; Alberto Roxo; Célia Castanheira</i>			
Beds, Trolleys or chairs – <i>Mark Skues</i>		Strategies to the creation of a multidisciplinary Team in the ASU – <i>Jorge Sousa</i>			
Going green in AS – <i>Douglas McWinnie</i>		The young and the experienced Surgeon – <i>Carlo Castoro</i>			
Financing strategies that promote AS – <i>Alexandre Lourenço</i>		Competencies of the coordinator of the ASU – <i>Miguel Sanchez</i>			
10.00 - 11.00H - AS for the diabetic patient		10.00 - 11.00H - Recent advances in Breast Surgery:		ROOM 2 ROOM 3 Course: “Ultrasound guided Peripheral Nerve Blocks – the big 5(+) in Ambulatory Surgery” Paulo Fragoso; Diamantino Pereira; Lara Ribeiro; Sérgio Duarte; Juliana Louro FREE PAPER SESSION (Anesthesia)	
<i>Moderators: Manuel Planells; Jan Eshuis</i>		<i>Moderators : Lúcia Marinho; Kirsti Lehtonen; José Luís Fougo</i>			
Is diabetes directly related to poor surgical outcomes? – <i>Nanda Kishore</i>		Radical mastectomy in AS – <i>Sven Felsby</i>			
Monitoring blood glucose throughout the AS circuit: the virtues of a good protocol – <i>Nicole van der Lans-Jansen</i>		Options for Breast reconstruction after mastectomy in AS – <i>Luis Azevedo</i>			
Management of diabetic patients in Ambulatory Surgery (BADS Guidelines) – <i>Mahdu Ahuja</i>		Nursing the mastectomized patient – <i>Joana Oliveira</i>			
COFFEE BREAK					
11.30 - 12.30H - Old ideas vs new concepts		11.30 - 12.45H - Prophylaxis is the key to the best outcome:		ROOM 2 ROOM 3 Course: “Ultrasound guided Peripheral Nerve Blocks – the big 5(+) in Ambulatory Surgery” Paulo Fragoso; Diamantino SESSION (Anesthesia)	
<i>Moderators: Rosa Amaral; Fernando Docobo</i>		<i>Moderators : Cristina Carmona; Jelena Neves</i>			
Emergency Ambulatory Surgery – <i>Douglas McWinnie</i>		Prophylaxis of Thromboembolic events: when and how? – <i>Paula Sá Couto</i>			
So much promised, so little delivered – <i>Jim Phillip</i>		Hypothermia: are AS patients at risk – <i>Diana Silva/Helena Monteiro</i>			

Does every patient need a care for 24 hours post discharge – Madhu Ahuja	New developments in PONV prophylaxis – Marc Coppens	Pereira; Lara Ribeiro; Sérgio Duarte; Juliana Louro	FREE PAPER SESSION
12.30 - 13.00H - "The drugs that fight the knife" - can we go "Opioid Free" in Anesthesia for AS? – Xavier Falières; Ian Smith	Surgical site infection – no improvement in 50 years? – Cecília Pinto		
LUNCH			
14.30 - 15.30H -The elderly patient	14.30 - 15.45H - Patient Care After Discharge:	Symposium – "Optimizing inhalational anesthesia in ambulatory surgery"	FREE PAPER SESSION (Surgery)
<i>Moderators : Jan Eshuis; Paula Tavares</i>	<i>Moderators: Mark Skues; Maria do Sameiro Pereira</i>		
Surgical outcomes are (not?) affected by age - Silvia Neves	Is the 24h Phone Call absolutely necessary? – Are there alternatives? – Hanne Foens		
Is elderly patient no longer a challenge? – Mary Stocker	New Strategies for severe pain control after Hip and Knee arthroplasty – Arnaldo Valedon		
POCD and delirium: risk factors, anesthetic strategies and diagnosis. How big is the problem?	Strategies for patient follow-up in private practice – is there a difference? – Gerd Dieter von-Koschitzky		
	Unexpected admissions after AS – are they preventable? – Maria Janeckso		
15.30 - 16.30H - Threats to AS or "a sign of the times" – safety comes first!	15.45 - 17.00H -Perineal and anal procedures in AS	WORKSHOP: "Bedside Ultrasound evaluation of AS patients" Elena Segura; Catarina Costa; Liliana Costa; Margarida Ferreira	FREE PAPER SESSION (Surgery)
<i>Moderators: Rosário Órfão; Meneses da Silva</i>	<i>Moderators : Dieter Morales; Marc Coppens</i>		
Sedation by non-anesthesiologists – Beverly Phillip	Inovation in the treatment of anal fistulas – Gamal Mohamed		
Endoscopic surgical procedures by non-surgeons – Luc van Outryve	Colo-rectal surgeries under local anesthesia are feasible and have good results – Naresh Row		
Office-based surgery and reduced nursing ratios – Petra Tietze-Schnur	Ultrasound-guided Peripheral nerve Blocks for perineal surgical procedures – Clara Lobo		
16.30 - 17.00H - SPEED DATING WITH THE EXPERTS	Importance of diet and clean dressings – Maria Soledad Pelegrina		
COFFEE BREAK			

17.30 - 18.30H - My worst nightmares in AS	17.30 - 18.30H - Planning Strategies for Ambulatory Surgery Units (ASUs)	WORKSHOP: "Bedside Ultrasound evaluation of AS patients" Elena Segura; Catarina Costa; Liliana Costa; Margarida Ferreira	FREE PAPER SESSION (Surgery)
<i>Moderators: Emanuel Guerreiro; Hanne Foens</i>	<i>Moderators : Magdalena Arance Garcia; Alberto Magalhães</i>		
Hemorrhage during laparoscopy – lesson from the UK - Ian Jackson	How to organize a big ASU – Jan Eshuis		
Neck hematoma after thyroidectomy – Dieter Morales Garcia	Analysis of failed discharge after ambulatory surgery - Els Van Caelenberg		
Hypertensive crisis – Arnaldo Valedon	What should be taken into account when moving several ASU together at a New hospital? - Marie-Louise Ulsøe		
Acute anaphylaxis - Marie Sheehan			

WEDNESDAY 29TH MAY

AUDITORIUM

ROOM 1 - IBERIC SESSIONS

ROOM 2

9.00 - 10.00H - Education and training in AS:	9.00 - 10.00H - Estratégias pouco comuns em CA:	
<i>Moderators : Beverly Phillip; Paulo Lemos</i>	<i>Moderadores: Mayté Valle; Paula Sá Couto</i>	
Pregraduate curriculum in Medicine - Fernando Docobo	Tiroidectomia total em CA – como prevenir as principais complicações - Emanuel Guerreiro	WORKSHOP
Recent developments in Paediatric Ambulatory Surgery in Mozambique - the impact of IAAS Teach the Teachers program - Dalva Khosa	Indicações para bloqueios do neuroeixo em CA - Ana Rodriguez Archilla	
High Fidelity Simulation as a tool in AS team training – Francisco Matos	O doente que vive só também pode ser intervencionado em CA – Como e quando... - Maria Virtudes Navarro	
10.00 - 11.00H - AS in the future	10.00 - 11.00H - Colecistectomia Laparoscópica em CA	
<i>Moderators: Pedro Sá Couto; Douglas McWinnie</i>	<i>Moderadores: Francisco Barreiro; Paula Botelho</i>	
Can we have better drugs and monitors? – Jan Eshuis	Exploração da Via Biliar em CA – como, quando, porquê? - José Maria Capitán	WORKSHOP
The role of technology in Surgery – Corinne Vons	O doente com Apneia do sono proposto para cirurgia laparoscópica - Paula Sarmento	
At home Hospitalization... will this strategy work for AS complex patients? – Ramesh Koorapati	Pernoita em CA (em que condições?) - Maria José Crista	
<i>COFFEE BREAK</i>		
11.30 - 12.30H - Guest Lectures: Tears and Laughs in ASUs		
The operating theatre - stage for retraumatisation of terror victims – Ana Schippert
